August 2025

Hello all,
I hope this newsletter finds you fit and well.

South Gippsland Dairy Expo - 2025

Westfalia Warragul & Future Dairies Gippsland will be attending the South Gippsland Dairy Expo during the first week of September (Wed 3rd & Thurs 4th).

Additional to our normal range of milking equipment, we are also planning to have our stock 12,000 litre Mueller Milk Tank on display. Assuming that it isn't sold prior to the event.

Please come in and say hello to the team.

GEA at the Expo

The GEA Sales Team will also be attending the Expo on their own site. The GEA display will include a range of their conventional milking equipment, as well as the R9500 Milking Robot. There has been a significant increase in the level of enquiry for dairy robots in the Gippsland region over the past 12 months. So, if you are also interested, this will be a great opportunity to come in and have a look at the Robot, talk to the GEA team, and ask any questions that you may have.

Bus trip to the new Mount Lyall Dairies milking system

The Lancey Family of Nyora have just completed the construction of a very impressive 100 unit rotary milking facility. Lancey's have been long-time supporters of the SG Dairy Expo, and they have kindly offered to host a bus load of visitors to view their new dairy operation on Wednesday 3rd of September. The bus will depart from the SG Dairy Expo at 2.30pm, arriving at the Lancey farm in time for an early afternoon milking. The tour will also include the new loafing barn, and an opportunity to see a live drone demonstration. Afternoon tea will be provided.

If you'd like to book a seat on the bus, please register your interest with the organizers by going to www.trybooking.com/DDLVJ. You are also welcome to drive your own vehicle to site if you prefer.

Take care everyone!

Best regards, Mark
